LOST WEEKEND AT THE BEACH

A hot Labor Day weekend has never looked like this before at Mattapoissett Beach. Sign warns would-be swimmers that the beach is closed. This is the result of pollution from the decaying sea matter which was tossed on the beach by Doria last weekend. The problem is widespread along the coast and the stench of decaying marine life is breath taking. The beach was scraped and cleaned this week by the Highway Supervisor, Manual Nunes in an effort to help solve the problem.

ROCHESTER WOMAN'S CLUB MEETING

The new season 71-72 will open September 8, 1971 at 8:00 P.M. for the Rochester Woman's Club. Mrs. Richard Santos, president, announces the first meeting of the fall season will be most enjoyable. The regular business meeting will be held first. At this time plans will be made for a rummage sale which will be held September 18th at the club house. At the conclusion of the meeting, Mrs. Gary Mac Neill, beautician, will present an evening with "New Trends in Good Grooming". Along with good grooming, fashionable new trends in wigs will be shown.

Hostesses for the evening are Mrs. Ainsley White, Jr., Mrs. Greenwood Hartley, Jr., Mrs. Merton Hartley and Mrs. E. Randall Ayotte.

Capeway League

Jim Macomber's five-hit pitching and Hector Heath's home run provided the spark as Fish on the Wharf toppled the Rochester Men's Club, 5 to 1, to complete a sweep of the three out of five series for the Capeway Softball League's final playoff series. Fish on the Wharf had won earlier meetings 11 to 8 and 8 to 2 with Macomber also pitching those victories.

Heath's shot to left field was nearly caught, but outfielder Mike Martin couldn't hold onto the ball as he hit the fence and toppled over. The blast came with one mate aboard and proved enough to defeat the stubborn but loose-fielding Men's Club. The other three Fishermen runs were unearned and enabled Fish on the Wharf to coast home.

Both Fish on the Wharf and Capeway Cafe will be honored at the League's first awards buffet to be held this Friday night, September 10th, from 6 to 9 in the Frontier Room at the Nest Restaurant, Route 6, Mattapoisett. Fish on the Wharf will receive the Commissioner's Trophy, emblematic of coping the playoff crown. Capeway will re-

School Lunch Program

Marion, Mattapoisett and Rochester, and the Old Rochester Regional School District as a part of its regular lunch program, provides lunches at a reduced price or free to students who are unable to pay the full price. A mandatory income scale is used in determining eligibility for free meals. Unusual circumstances such as illness or death in the family, temporary disability and seasonal unemployment are also taken into account when determining eligibility.

Parents who feel that their children are eligible should apply. Application forms will be sent to each parent, and are available in the school office of each participating school. The schools will make every effort to insure that the children do not know who is paying and who is receiving a free meal.

Drag Strip

Editorial, D.C.J.

The most remarkable feature of pure democracy is the fact that it works so well. The drawback is that it demands lots of time and attention. Providing people will take the time and trouble to govern themselves, they need have no fear of making unwise decisions. In the basic town forum form

of government, where people stand before their peers and state their case extemporaneously, the facts of the case and the feelings of the people are revealed in truth. I have never ceased to marvel at this

phenomenon.

The hearing, in Rochester, on a by-law change to establish a limited recreational district in order to make way for the proposed drag strip was extremely well attended. Many people spoke. Both sides of the position were explained. In my opinion the meat of the matter was exposed by the proponent, Mr. Faxon, treasurer of the 13-20 Engineering Company, which proposes to construct the drag strip. In two statements he put the whole proposition before the assembly in the most candid and

elementary terms. He explained that when he and Selectman Harry Brown had investigated a track in Colchester they had talked to a druggist just across the town line. The druggist, in commenting on the track, had said that, if you have an opportunity to have a track don't let it slide by. He said, "We turned down the track in this town and the next town accepted it." According to Mr. Faxon, the druggist said, "Now we have all the problems of the track but none of the revenue from it." (Emphasis Editor's). In this same candid vein, the same gentleman commented later on the financial gain to be realized. His statement was point blank. He said that the 13-20 Club had never stated that it would reduce the tax rate in Rochester. He said that revenue realized from the drag strip facility "can't reduce the tax rate if the voters keep voting to spend more money at Town Meeting."

The proposition before the residents of Rochester is whether or not they will choose to change their life style and the character of their community in exchange for possible financial gain. Whatever the choice, certainly the cards have been laid on the table.

Selectman Harry Brown pledged to the voters at the hearing that he would move that the poll on this zoning change would be

taken by secret ballot. He estimated that the special town meeting would be approximately the second week in October. Voters of Rochester may rest assured on one basic worry. Should they reject the change in their zoning law, it is extremely unlikely that they will ever have the problems of the track without the financial gain if any. No adjoining town is expressing any interest in snatching it away.

GRANGE HAS MEETING

A brief business meeting was held at the Mattapoisett Grange last Thursday night with plans for the fall discussed. Several reports were also given one of which was the success of the Fair held recently.

The next meeting, Thursday, September 16th, will be an open meeting with the installation of officers. Mark Breton will be installed as master.

Letter to The Editor

Congratulations to those responsible for the wonderful new play equipment at the Center School. Not only is it an exciting delight to the young already using it, and it appears certainly safe (or, at least safer than the old see-saw, slide and swings), but it very likely is an inexpensive set-up besides.

Producing good, creative experiences at a minimal cost for the Town's children is certainly to be applauded.

The creators deserve much credit for their imagination and interest in kids.

CENTER SCHOOL HAS IMAGINATION SPARKING PLAYGROUND EQUIPMENT

Newly installed play equipment at Center School, in Mattapoisett center, is enjoyed by Barbara Shanks, left, and Annette Nunes, right, as they rest at the summit of the pipe mountain. The play equipment is intended to allow children to exercise their imagination as they play. It's an old idea rediscovered. Just as their parents and grandparents played in vacant lots, these modern day youngsters can change the interesting landscape to any locale they want to imagine. In the photo right David Shanks joins the girls at the fallen tree bridge. Is it an African jungle, a crevice in the Alps or a crater on the moon? You'll have to ask the children because it can change to any or all of these things and more.

Money for the play landscape was donated by the children of the Summer Bible School. Mr. Tom Perry, playground director, obtained the material and laid out the innovative play area.

Attention: PERSONS 59 AND OVER

A second meeting of the Study Committee to determine the needs of the aging of Mattapoisett was held Monday, August 2nd. A survey form was drawn up during this meeting. With the help of FISH of Mattapoisett copies will be distributed September 16th to the 820 residents of Mattapoisett age 59 and over. Many of you can be of assistance rather than receive assistance, but, in one way or another, you can help work toward building a better community for the older persons of the town.

A Council for the Aging must be established by local by-law; therefore, it is necessary that an article be placed in the Town Warrant, and adopted at a Town Meeting. It is the duty of the Committee to study the need for an appropriate article. This need will be determined by your response to the survey. The article will be considered at a special Town Meeting in the Fall.

Why digging lawn weeds is a thing of the past.

TURF BUILDER PLUS 2 is made especially for people who hate lawn weeds and love healthy green grass. It's easy to use—nothing to mix, measure or spray. PLUS-2 clears out most common non-grass weeds *roots and all*, so they can't grow back.

And that's not all. PLUS-2 also full-fertilizes your grass. Makes it grow greener, thicker, sturdier. The time to spread PLUS-2 is now. Then sit back and enjoy a better lawn this fall and next spring too.

A THANK YOU

We wish to express our sincere thanks to the Emergency Ambulance Service and the Police Department in Mattapoisett for their speedy and efficient service when called to our house on August 22nd.

My special thanks to Officer Camacho for his efficient and gentle treatment to me and his courtesy and kindness to my family in our time of trouble.

We have retired to Mattapoisett and feel safe and secure knowing that such prompt and efficient service is available.

a completely different world in the past year and one half and has gathered much interesting experience in her work and travel. In London, she taught youngsters from the city's slum district. These children, who live on the bank of the Thames, are so trapped in their neighborhood world that many have never crossed that river. As is common with children of neglect, she found her first class an undisciplined, belligerent group of adversaries. With the wisdom of the innovator, she "threw a tantrum" to gain the attention of the class and then gained their rapt interest by telling them about a world as far from their experience as Mars. She told them of her home continent of Australia and so transported them from their insular surroundings. Her youth, her interest in

impression of the Soviet world is vividly etched in her mind because of the contrast to all of the countries which surround it. Truly, the Communist world is grey. Even though tourists are shown only what the Russians want them to see and, therefore, the best of Soviet conditions, she brings back an impression of drabness. The lack of color, the lack of signs, the scarcity of cars, the poorly dressed people in long patient lines all add up to life in Russia. She recalls huge, bulky Russian women marching down the sidewalks, like tanks, elbowing aside all in their path.

Most of all, she recalls the endless queues...people in line waiting to buy food, people in line waiting to pay for it. She thinks of the seemingly endless line at Lenin's tomb, 3 miles long. People stand interminably in this line waiting to file past the body of a man who has been substituted in the Communist world for God. The churches in Russia, she said, are few and only the elderly still attend these dwindling houses of religion.

Tourists in Russia are guided always by a tourist guide assigned to this group. All schedules and places to visit are rigidly controlled. Hard eyed men in linen suits often have the tourist groups under surveillance. Groups are shown only what the Communist officials want to show them. Photographs of buildings are permitted.

Photographs of the people are forbidden, she said, because their poor appearance is a reflection of the Soviet's failure to provide the necessities. After Russia, Chris recalls, even Warsaw seemed colorful.

Chris speaks with a soft voice with the delightful accent of a Julie Andrews. She returns to her home continent at a time when its future is rich with new promise. Newly discovered gas and oil fields open new opportunity for this land of vast territory, much of which is arid. Water is the great need in this land. Its scarcity limits the country's ability to provide life support. Many far out solutions have been given serious consideration, she said, even to the towing of huge chunks of the Antarctic ice cap to Australia.

The unique isolation of the continent country imparts an island complex to its people. The younger Australian has now more opportunity to gather together the money to travel abroad to broaden their
